REST ARREST OF A WELL KNOWN CITIZEN FOR BURGLARY .- On Friday night, the 16th of December last, the office of Robertson & Orr, dentists, Market street, was entered by burglars and robbed of considerable gold plate, a sword and other articles of value. On the same night, a desperate attempt was made to break open the safe of A. W. Kelly & Co., Monroe street. We gave the particulars at the time, but until vesterday, no one was arrested for the of-

Yesterday officer Lancaster, went to Barnesville, Ohio, and returned about noon having in custody, James R. Harris, of this city, who was formerly employed in the iron warehouse of J. M. Todd & Co., and who left town a day or two ago, on a visit to Barnesville. An examination of the case before Esquires Dulty, Knox and Cotts, at the office of the former, occupied the whole of yesterday afternoon. Col. Wheat appeared for the prisoner, and Major Good for the Commonwealth. Mr. Orr testified to the robbing of his office, and identified a set of teeth, some plate and other articles, found in Harris' house on Monday last.

Officer Wickham and Mr. Ibbotson, who visited Harris' house on Monday morning, for the purpose of executing a landlord's warrant, testified to the finding of the articles above alluded to, in different parts of the premises, and in front of the door, where they had been swept out over the sidewalk. Officer Scroggins and Mr. Wm. Taylor, also produced articles found in the house, some of which were identified as coming from the office of Robertson & Orr.

The next morning after the robbery, Mr. Orr found in a drawer in his office, a fragises. This paper was produced in court the Circuit Court, who identified it as corresponding with a fee bill issued by him to that Mr. Orr was first lead to suspect Harris, and afterwards to follow up the suspicion. James M. Todd and A. N. Johnson testified to the good character of Harristhat he had been in their employ for several years and was, during part of that time, in possession of the key of the safe, and had abundant opportunities to steal if disposed to do so.

It will be remembered also that the sword taken from Robertson & Orr's was found lying by the broken safe at Kelly & Co.'s. Mr. G. Jacob substantiated this fact, and Michael Rohan testified to having heard a noise, as if splitting wood, in the office of Kelly & Co, on the night of the attempted burglary. He went down FAMILY SEWING MACHINES, ceased, but upon retiring to bed again the noise recommenced. This was about two o'clock. Several witnesses were in company with Harris up to twelve o'clock on Friday night, the 16th. This was about all the evidence elicited. Col. Wheat made a short speech, reviewing the evidence, and stating that Haaris' wife being absent, his house was unoccupied at the time of the robbery, and anybody else might have gone there with the identified articles. Col. Wheat argued earnestly against the probabilities of the prisoner's

Maj. Good followed, saying that he saw no possible escape for the prisoner, and went on in a very forcible manner to establish this conclusion in the minds of the

After the Court decided to commit the prisoner, Col. Wheat asked that a certain amount of bail be fixed for his appearance. The Court decided not to admit the prisoner to bail, and he was taken to jail.

BURNED TO DEATH .-- A Mrs. Pennington, who resided with her son-in-law, John Phillips, in St. Ciairsville, was burned to death, on Sunday last. She was quite old and feeble and hardly able to take care of herself. The Chronicle says she had been left a short time sitting alone by the fire when her clothes caught and she was burned to death without being able to leave her chair, as her charred and disfigured form was found just as it had been left. Mrs. Pennington was highly re-

BOT THE ORPHANS' .- The Orphens' benefit, at Washington Hall, Tuesday evening, was most generously patronized, and the net receits for the fatherless amounted to about six hundred dollars. The fall, we observed, had separated the seam in his coat, which was plit down the back like a locust, and which, doubtless, suggested the form of expression used by the small boy. There were many similar accidents occurring in al parts of the city.

Washington, Dec. 29.
House -Mr. Morris, of Ill., resumed his remarks from yesterday. The great doc-trine of popular sovereignty is in peril; the Democratic party is divided; the ultra representatives from slaveholding States have abandoned it. It was not disputed that the Cincennati platform recognizes it but this seems to make no difference. The President and ultra-Democrats have torn up the plank and interpolated new ones, and drove the political car fearfully to the precipice. This was inaugurated last session with the infamous Lecompton swindle.
The President pursued those who opposed it, especially from Illinois, with personal malignity, while he was bidding for the nomination of the Charleston Convention. Judge Douglas is the only man North who has succeeded in a general election since the crusade was commenced, and he fought hand to hand with the cohorts of Lincoln and the hungry President's pack, cheered on by Attorney General Black. Good Democrats have been removed in Illinois,

Democrats have been removed in Illinois, and Abalitionists put in their places.

Mr. Scot replied to some remarks of Mr. Morris, of Ill. on California affairs, saying that that his attack upon 61,000 Democrats in Calbornia, came with ill grace from a friend to Douglas. Had it come from a Republican be would not been surprised. He stated by the Broderick was never strong enough in Catornia to create any fear or cause a desire than the down. The report that had The report that had hunt abroad that there was a conspiracy of the eaders of the Democratic party to strike down Broderick, he branded as an infamous falsehood. Mr. Grow, of Pa., complained of the un-

parliamentary and ungentlemanly conduct of Mr. Branch, of N. N., in accusing him of unworthy motives in defeating the post ffice appropriation bills. Mr. Branch-Do you accuse me of un-

gentlemanly conduct? Mr. Grow-My language was plain; I nave nothing to retract.

Mr. Vallandigham said he was one of the Democrats who voted for Mr. Grow's resolution at the last session and deemed an explanation proper. All that he had done, he assumed the responsibility of, and was surprised that Mr. Grow was endeavoring to creep out of it. He. Mr Vallandigham, had voted for Mr. Grow's resolution because he was not cert in of the constitutionality of the act of the Senate in increasing the rate of postage, but yet, Mr. Grow was responsible for all the ca-

amities attending the defeat of the bill. Mr. Maynard said that the further use of his name would fail to concentrate a sufficient number to organize the House on a broad national and conservative bases,-He therefore unconditionally withdrew his

### Union Meeting.

ROCHESTER, Dec. 29.—A large Union meeting was held in this city last evening, which was addressed by James Brooks and Ex-Governor Hunt. Resolutions were adopted of rather a mixed character, but the principal one is the following:

Resolved, That we cannot too strongly

ebuke the sentiment that the election of a President by a constitutional majority, having views of public policy with which the minority do not coincide, would furnish a just cause for dissolving the Union. We, on the contrary, hold such sentiments to be disorganizing, traitorous and odious to all patriotic and Union loving men and disgraceful to the civilization of the age.

# MOTHERS,

AN INDIVITA

IN PRESENTING YOU WITH DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every matrum that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician who is well qualified from much experience in infantile complaints to prescribe for them. Secondly—It is entirely free from paragoric or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of deadening its consultitie.—Thirdly—It is put up with great care, as a comparison of it with any other article for infantile or mplaints will show; the very root from which it is defilled being dug from the forest under the direction of Dr. Exton, many of them by his own hands. Fourthly—it is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over every other preparation, viz:

the following cases: which is its chief merit over every other preparation, viz.

FOR ALL COMPLAINTS ATTENDING TEETH ING; such as DYSENTERY COLIG., &c.: also, for soft ening the guns and relieving pain. For regulating the bowelsit is unequalled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of all diseases, it can be relied on with perfect confidence; and being a powerful anti-spasmodic in all cases of convulsions or fits, we earnestly recommend you to loose no time in procuring it. Lastly—it costs on much more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole explaned is their butertising; for the same reason, it commends fixelf as the most reliable to all mothers. In all cases, the directions wrapped around, each bottle, must be strictly followed. Price, 25 cents per bottle.
